Education

PES UNIVERSITY, Bengaluru, Karnataka
B.TECH, CSE 2024-28
CGPA : 7.43 (Till 4th Sem)

BHAVAN'S VIDYA MANDIR, Kochi, Kerala
10th Grade : 97 % (2022)
12th Grade : 94 % (2024)

Experience

Summer Intern, **CRIS** (Centre for Railway Information Systems), Indian Railways

- Developed a full-stack network dashboard (Node.js, MySQL) for South/SouthWestern Railways, automating tracking for LAN/WAN circuits and inventory across stations.
- Automated OSPF-area validation and IP capacity detection, eliminating manual cross-checking and misconfigured assignments.

Skills

Languages: Python, C, JavaScript (Vite/React);
Web: HTML5, CSS3, React.js, Node.js; **Databases:** MySQL;
Management: Agile, Lean Six Sigma.

Projects

- **Expense Tracker:** Developed a full-stack web application using React, Node.js, and Vite for personal financial management with a MySQL backend.
- **SVD image compression:** Automated an image optimization pipeline in Python using SVD, reducing file size by ~80% while preserving visual fidelity across 4 compression levels
- **SDN Topology Change Detector:** Designed a network monitoring script to detect and log real-time topology changes in SDN environments, cutting manual detection time by ~80%
- **Network Management System:** Engineered a full-stack system automating LAN/WAN IP inventory, OSPF-validated circuit provisioning, and real-time free-capacity tracking across 30+ stations in South and South Western Railways.

Leadership & Activities

- Orchestrated college-wide math and CodeChef hackathons
- Managed Robo-Race events for 25 teams.

Certifications

- Summer Internship at CRIS(Centre for Railway Information Systems), Indian Railways
- Google Project Management: View Credential
- AWS Fundamentals on ML and AI
- Python (Basics) [Hackerrank]
- C (Basics) [Hackerrank]

Interests & Languages: Football, Cricket, Badminton; English, Hindi, Malayalam, Sanskrit, Tamil.
